Laptop Computer

Intel Core i3 (sixth generation or newer) processor or equivalent

Microsoft Windows 10 or MacOS 10.14 or later operating system

8 GB RAM (memory) or greater

256 GB SSD (solid state drive) or 500 GB HDD (hard disk drive) or larger internal storage drive

13-inch LCD or larger display

802.11 wireless network adapter

Webcam with integrated microphone

Chromebooks, tablets, or other devices running Apple's iOS operating system or Google's Android operating system should not be used as your primary device for completing course work while attending Southeastern Oklahoma State University. SE Information Technology recommends that your primary computer meet the hardware requirements listed above with either Microsoft's Windows 10 operating system or Apple's MacOS 10.14 (or later) installed. If your device does not meet the minimum recommended configurations listed above, you may have incompatibility issues with University systems/software required for successful completion of your course work.
